

Order for private medical treatment and billing of laboratory services (patient contact)

I entrust the DEDIMED EUROPARC laboratory with the laboratory test indicated below by marking and/or otherwise. The laboratory examinations are calculated according to the German fee schedule for doctors (GOÄ, Fkt. 1.15). The costs are due with EUR 5.20 per order. I have been informed about the costs of the laboratory assignment. The laboratory assignment is not bound to reimbursement by health insurances. The costs are due on the delivery of the findings report and billing. I have received a copy of this patient contract.

The report is usually sent by post. On request, we will send you the findings by email or fax. When specifying a fax number or an e-mail address, you agree to this transmission path. You agree that the e-mail transmission of findings can be made in unencrypted PDF format.

In accordance with the European Data Protection Regulation (EU-DSGVO), I declare my consent that the data stored in my patient file, if required for the purpose of invoicing, may be forwarded to an authorized billing institute and stored there exclusively for invoice processing.

Data Protection (EU-DSGVO): I consent to the storage and processing of my personal data, insofar as these are necessary for the complete processing of the laboratory order and in consideration of the General Data Protection Regulation (EU-DSGVO).

I give the order with my signature below. With my signature below, I agree to the data storage and processing.

Patient Data (please in block letters)

Surname	First name	m/f	Date of birth
Street/Address			
ZIP Code	City	Country	
Telephone	E-mail	Signature of patient
